																		END OF YEAR STATUS BASED ON CURRENT SCHOOL RECORDS PROMOTED							

Course Grade Criteria 2020/2021 Exception

The FDOE Emergency Order 2021-EO-02 authorized districts to determine course grades and waived the requirement for state End-of-Course (EOC) exams to constitute 30% of the course grade for the 2020/2021 school year.

As a result, students were exempted from second semester exams, except in cases where the exam provided an additional opportunity for the student to pass the course.

The required EOC exams were administered for M/J Civics and the following high school credit courses: Algebra 1, Geometry, Biology, and U.S. History, or their equivalent. However, the exam grade will only be included in the student's course grade if it enhances the final semester average. EOC exam results are expected by August. Final grades and transcripts will be recalculated and updated when scores are returned.

Middle school students will still be required to meet the mathematics benchmark for high school graduation. Options for meeting this requirement include:

- pass a future administration of the Algebra 1 EOC (offered four times per year),
- pass a future administration of the Geometry EOC, or
- earn a concordant score on a state-approved assessment.

Students must earn a minimum of two quality points to pass a semester course without an exam grade.

Students who have not met the promotion requirements are highly encouraged to attend the Summer Learning Program (SLP). Contact your child's assistant principal for more information.

Middle School Promotion Requirements

Middle school students must pass language arts, mathematics, science, and social studies to meet annual promotion requirements.

To be promoted to high school, middle school students must successfully complete three middle school or higher level courses in language arts, mathematics, science, and social studies, including one civics education course; and complete a personalized academic and career plan.

The grade enhancement policy for high school credit courses taken prior to ninth grade, allows students to replace a grade of C or below with a grade of C or higher, earned subsequently in the same or comparable course. The replaced grade is excluded in the cumulative, unweighted state GPA required for graduation, but is included in the cumulative, weighted district GPA used to determine rank in class.

The Summer Learning Program provides additional opportunities for students to meet promotion requirements. Contact your child's school for program details.

The Student Progression Plan on the district's website provides additional information related to academic requirements and programs.

A 90-100 Outstanding Progress			I Incomplete (Makeup Required)			GR Grade			Teacher Comment Codes						
B 80-89 Above Average Progress	P Passing		E Temporary EOC Exam Grade			CON Conduct			1. Excessive Absences						5. Uses Time Unwisely
C 70-79 Average Progress	H No Exam Required		EX Excused Absences			AVG Average			2. Inattentive						6. Uses Time Wisely
D 60-69 Lowest Acceptable Progress	NG No Grade		UNEX Unexcused Absences						3. Failure on Test						7. Attentive in Class
F 0-59 Failure									4. Failure to Complete Assignments						8. Creative
